

Competencies: Legal Analysis, Writing and Citation

This shows your progress in acquiring desired learning skills

Assessed levels of competency – To successfully pass the course, you **must meet or exceed** competent levels of analysis, writing and citation in at least one of the last two assignments, Case File 3 or Case File 4.

Your competency levels may not exactly correlate with the grade you earn in the course.

E = Exemplary – The work meets all exemplary or mostly exemplary and some competent criteria. **Exemplary work** would need very little revision for a supervising attorney to use.

C = Competent - The work meets all competent or mostly competent and some exemplary criteria. **Competent work** would need to be revised with input from a supervising attorney

D = Developing - The work has one or more areas that do not yet meet competent criteria. Developing work would not be helpful and a supervising attorney would need to start over.
