

## When does an off-duty police officer act under color of law?

- What factors are weighed in evaluating whether an off-duty police officer acted “under color of” law?
- In the chart below, the two ends of the spectrum are the easy cases: clearly private action on the left and clearly action under color of law on the right.

**In the blank middle area in the chart below, write down some factors to consider in determining if an off-duty police officer’s conduct was action under color of law.**
